email: lwjordan@tulane.edu

Lisa Jordan is the Director of the Tulane Environmental Law Clinic. She has twenty years of experience educating Tulane Law students in the representation of clients in environmental matters. Her expertise includes matters involving environmental justice, air pollution, water pollution, wetlands protection, solid and hazardous waste pollution, endangered species, coastal permitting, and state and federal public records and open meetings laws. The Clinic and its students advocate for clients before federal and state agencies as well as local political subdivisions, and litigate in Louisiana federal and state courts.
