6.2.20 ABK Request for Public Records to Nicholls State University

Carole George <carole.george@nicholls.edu>

Mon, Jun 22, 2020 at 9:44 AM

To: Misha Mitchell <basinkeeperlegal@gmail.com>

Ms. Mitchell,

We are responding to your public record request from June 2, 2020. You requested public record information relating to research data collected in preparation of a research article relating to the Atchafalaya River Basin.

The research information for the published article was collected by students in performing their class assignments and preparing their graduate thesis. As such, this information is not public information. If there is specific information contained in the article that would like to request, we can again review our records to see if such information may be provided.

Carole George
